Wh...!
I'll let you handle this
Mhm... Can't be helped..
Miss mira!
No way....
But I have an important mission from the king that i must attend to
An accident is an accident and should be reported to the authorities
Is there a problem?

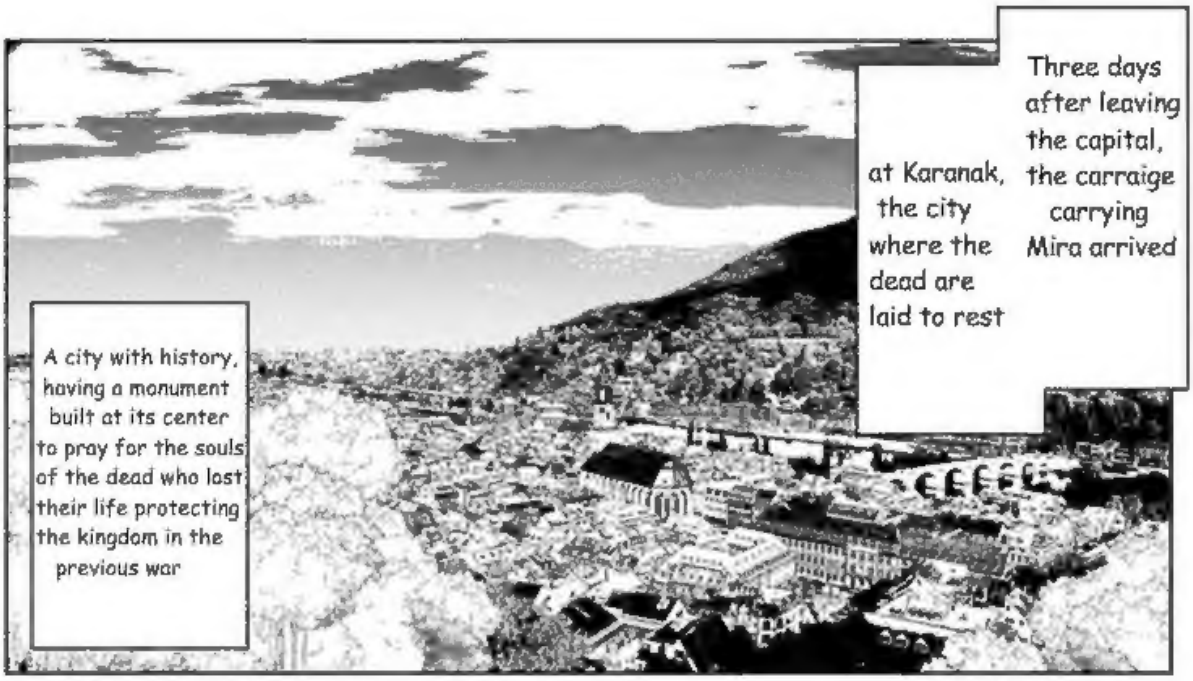
Whaaa
aaaaaa
aaaaaa
aaaaaa
Here
look
What you
ran over
is a zombie
Zombie!?
ゴクン
To be on the
safe side
extermination
teams have
been formed
to deal with them
but they are
really strange
Yes
But around
a month ago
strange
zombies
like this one
started
appearing
Don't zombies
only appear
at night or
in dungeons
where the sunlight
does not reach?

They do not attack people and will not resist even if attacked

I see...
The only damage I can think of would be them trampling over the fields
I have also participated in one of the extermination teams, and other than them sticking to us, they creepily took no action as they were exterminated

だいじょーぶですよ ミラ様ー!!
ダメだこのバカモン!!
はは 達者でな!

Even if it wasn't a person you should go to the driving school the moment you return Garret
はっはっは
was not a person
But well I'm relieved that what I hit
ほー



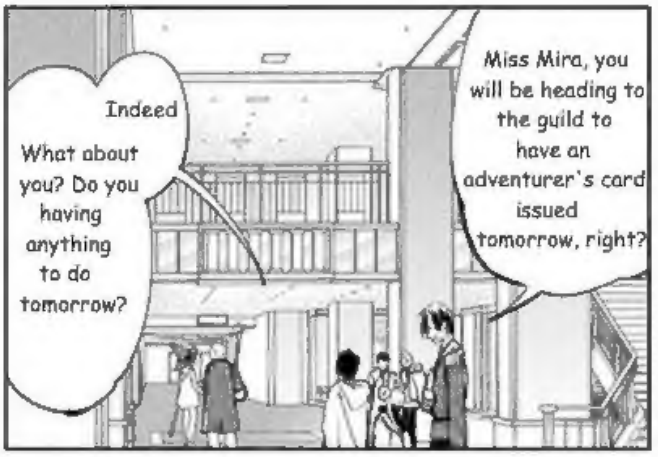
Three days after leaving the capital, the carraige carrying Mira arrived
at Karanak, the city where the dead are laid to rest
A city with history, having a monument built at its center to pray for the souls of the dead who lost their life protecting the kingdom in the previous war

Wow.. This city is quite lively
True, it's partly due to it being a strategic location for those wishing to clear dungeons
A lot of dungeons are located in its vicinity, including the destination of this trip, the c rank dungeon Nebrapolis

Ohhh!

Speaking of which we need to secure lodging
We did get a taste in the village along the way but this being a huge city probably means the inn will be incredible
I'll escort you to the hotel recommended by king Solomon
ガラ
ガラ

Ohhh... The interior looks quite relaxing (looks like modern day hotels...)
It's the best hotel in Karanak after all



Miss Mira, you will be heading to the guild to have an adventurer's card issued tomorrow, right?
Indeed
What about you? Do you having anything to do tomorrow?

I've always wanted to try staying here
Good grief.. People like you.....

giggle
I'm looking forward to it

Now then, please get some rest in your room
Your meal will be delivered with roomservice

I'll leave the cleanup to you
Yes, I've been given the mission to hand a summary of the recent events with the lesser demons to the fort in Karanak
Understood

Mhm..
Up until now it's been straight from the carraige to the hotel...
The next day
But walking through the city with this flashy and/or eccentric outfit.....
Isn't it too much like a magical girl
I should finish my business at the guild fast and go look at some robes at the store
Please!
TI: "what? what? what's going on?"

Mhm.. A city filled with adventurers. Not an unusual sight i guess
I've heard that you're all very strong So Please!
Hey now little kid... Adventurers around here are Rank D at best.....
There is no way that we can fullfil your request
Ohh... It's as if it's a fantasy version of a city hall
Adventurers' guild Lobby
Not sure if that's a good or bad thing...
Hello!
And I thought my outfit was too flashy....
I guess it might be unexpectedly normal....
キラキラ

This is the registration counter, I assume your here to register for the first time right?
um... Yes.. Please..
Then please fill this form
Ok
Also here is a recommendation letter that I would like you to look at if you dont mind
Understood

!?
This recommendation letter is signed by king Solomon
Furthermore it demands raising the Rank to C instantly
Usually one would start as rank G, or E at best if there is a recommendation letter.....
Just who is this newcomer

Um... Can you head to the guild leader's office right away?
N... Not at all
Is there a problem?

The effect of Solomon's letter was huge. .
I got the registration done in no time

Just when I think that my outfit s normal i get handed this

We're in the middle of removing it It's dangerous so do not approuch
Seems like another zombie during the day
How unpleasant
Seriously From where do they keep entering this city

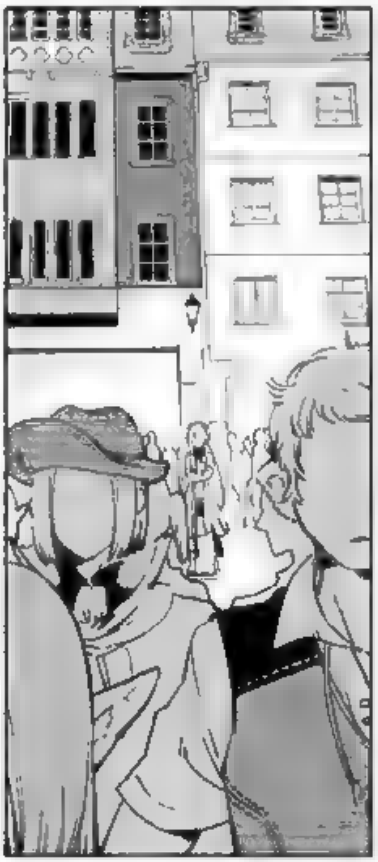
Necromancy The art that allows you to create a temporary soul and insert it into corpse or inorganic matter
Looks more like necromancy's golem than a zombie
Mhm. a body of soil and vegetation

And it's the same as golems in that the soul can be inserted into inorganic matter
But since it does have a tendency to avoid daylight, maybe it's something else
And since unlike undead monsters, they have a soul, they are unaffected by sunlight
The dead that are temporarliy revived by this art, would retain their abilities from when they were alive

But I wonder if such a skill exists
Seems like a skill that covers a skeleton with a golem
The one we saw earlier during the accident also had had human bones as its core

I hope it's not cursed
What's that? a ring?
Suppose that Soulhowl was in the underground base, would he be involved in this matter?

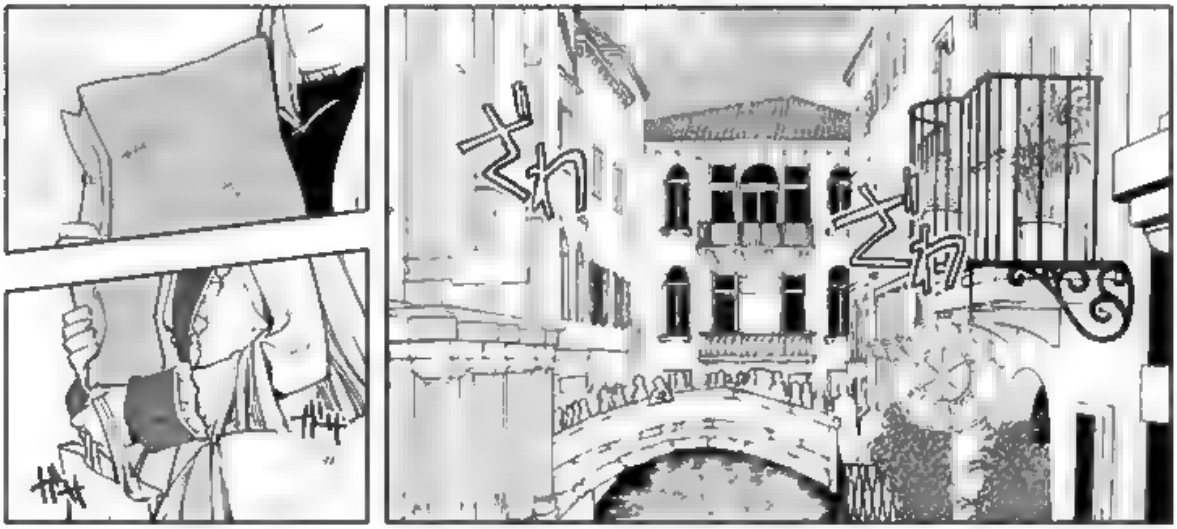
Huh?!! It's not there!



Alright collection done!
Move aside.
Move aside.

Were you here a moment ago? Did you see it ?
H...H... Hey you!
h.. Huh?
I heard that a zombie appeared over here
Hyaa!
And you're standing where the zombie was lying
Mhm.. The knights removed it moments ago

This house belongs to a former member of my guild's f ance
He's called Thomas, and he is currently mss ng
But I guess it's alright if it's already dealt with thank god
Hmm? You're not a curious onlooker?
Did he withdraw from the guild ?
Ofcourse! He d d it to be with his wife afterall
That's why I plan to protect his f ance unt l he returns home
But he is pass onate about his work and s the type to suddenly disappear whenever he has work to do
Such a dutiful girl
Even though he's no longer a member of the guild
Sorry for disturbing you and thanks



I didnt get to buy any equipment because mine was far too superior but
Replenishing my magical power with candy and drinks is the best

Mmmm I bought too many things

But since there are a lot of items I should put them in an item box

Are you master Dunbalf's disciple ?
AAA!!! Please shake my hand
I m master Dunbalf's biggest fan!!!
This is a present from me, please use it
I'll never wash this hand again
No wash it.....
Uff!
Aw!!
It's a bit girly, but its courtesy to accept it i guess

What was that!

Are you alright kid? Hurt anywhere?
Yes, I'm sorry for bumping into you!

Taking such a small child to a Rank C dungeon
Mhm
Please! Take me to Nebrapolis!!
Tell me your reason
Wha !?
!

I want to see my parents!
My parents are adventurers
But recently someone from guild came and told me..
That they have been missing thus far, but that they are dead
When someone from the guild takes on a request and is not heard from for 5 years they are considered dead
I heard that there is a mirror that let's you communicate with the dead
The mirror of Anjo
Even if it's just a glance, I would like to meet my parents again!
I see, so thats how it is

I don't mind
じわ…
ぽろぽろ
ぽろぽろ
I'll take you along
I was planning to go there either way

It's one thing if you were going to form a team of C rank adventurers
Going while having to protect a small child is.....
Wh...What You can't be serious You're taking this too lightly. It's too reckless
Thank you very much I'm called Tact
It's just a matter of me protecting him
Why can you say such stuff so lighty.....

Then I'm coming with you!
I understand
I'm Emella, A senior adventurer
Party is set Time to head to Nebrapolis!
To be continued
